How The Staple Goods Project Works

The National Staple Goods Purchase Project (SGP) takes place bi-annually with 80+ cities currently participating throughout the U.S., Bermuda and The Virgin Islands.

Cities are represented by Staple Goods City Coordinators. For a city to participate, they must have a minimum total order of 500 lbs. Orders are placed online and each Coordinator can keep up with all orders for their respective city. Coordinators will keep participants abreast of the process. You will be advised as to when online ordering begins and ends; when the payment phase begins and ends and how to get your payment to the Staple Goods Project. You will also be notified when products will be received at your pick-up location so that **YOU can pick up your products when they arrive.** Products are picked up at your Coordinator's designated location within 3 days.

Placing Your Online Order

- Register Online.
- In your registration you will select the city nearest to you for your pick up location.
- The Coordinator representing that city will be your contact person throughout the process.
- Orders are NOT paid for at the time of ordering.
- Once all orders are collected throughout the SGP, the payment phase will follow.
- You will be notified.
- To contact the Coordinator nearest you visit The National Ministry of Agriculture Website, NOIMOA.org and go to Staple Goods City Coordinators.

Making Your Online Payment

Your Coordinator will inform you when the payment phase will begin and you will be directed at that time to make your online payment.

Shipping? NO ADDITIONAL shipping fees! The cost of shipping your products to your pick up location is already included in our products cost giving us the ability to offer the same price to all participants from Massachusetts to Arizona.

"WE DON'T HAVE NO DRONE TO BRING IT TO YOUR HOME. PICK IT UP IN 3 DAYS OR IT WILL BE GONE!"
